

HEALTH & SAFETY, RISK ASSESSMENT & FIRE SAFETY TRAINING

3.10 of the Early Years Foundation Stage-Welfare Requirements states that ‘ it is essential that children are provided with safe and secure environments.....Providers need to ensure that, as well as conducting a formal risk assessment, they constantly reappraise both the environments and activities to which children are being exposed and make necessary adjustments to sure their safety at all times.’

To ensure that settings are adequately equipped to do this, this **FREE** course will look at the health and safety aspects of the Welfare Requirements for all settings including Childminders, Early Years and Out of School Clubs. It will give practical information and guidance to managers, supervisors, administrators and anyone with duties for health and safety for the setting ensuring that those responsible for health and safety are up to date with current and future legislation.

The Modules Covered will include:

- General Health and Safety
- Workplace Safety/Welfare
- Health and Safety Law
- Risk Assessment
- Accident Prevention
- Equipment
- Electricity
- Fire Safety
- Hazardous Substances
- First Aid Management

These **FREE 2 day** courses, replaces the 1 day course ran last year, it allows for more practical assignments and the opportunity to sit the CIEH Level 2 Award Health & Safety in the workplace.
